PROFESSIONAL SUMMARY

Results-driven banking and finance professional with 6+ years of experience in retail banking, credit risk analysis, and corporate lending. Proven track record of managing high-value client portfolios, improving loan approval turnaround by 30%, and ensuring full regulatory compliance under SBP guidelines. Skilled in financial modeling, relationship management, and cross-functional collaboration.

CORE COMPETENCIES

- Credit Risk Assessment & Underwriting
- Corporate & SME Lending
- Financial Statement Analysis
- Regulatory Compliance (SBP, Basel III)
- Relationship & Portfolio Management
- Financial Modeling (Excel, Bloomberg Terminal)

PROFESSIONAL EXPERIENCE

Senior Relationship Manager, Meezan Capital Bank

March 2022 - Present

- Manage a portfolio of 120+ corporate clients with combined assets of PKR 3.2 billion, achieving 98% client retention rate.
- Lead credit appraisal process for SME loans ranging from PKR 5M to PKR 200M, reducing average approval time from 21 to 14 days.
- Collaborate with risk and compliance teams to ensure all lending decisions align with SBP prudential regulations.
- Mentor a team of 4 junior relationship officers, improving team lending targets achievement by 25% year-over-year.

Credit Analyst, Allied Trust Bank

July 2019 - February 2022

- Conducted financial due diligence and ratio analysis for over 300 corporate credit applications annually.
- Built financial models to project cash flows and assess repayment capacity for medium-sized enterprises.
- Prepared credit memos and risk ratings presented to the bank's Credit Committee.
- Identified early-warning indicators that helped reduce non-performing loan exposure by 12%.

Management Trainee Officer, National Finance Bank

August 2017 - June 2019

- Rotated across branch operations, trade finance, and retail lending departments.
- Processed consumer loan applications and supported KYC/AML documentation reviews.
- Assisted in a digital onboarding pilot that cut new-account processing time by 40%.
